## Good Luck Smiles Upon Parisian

That good luck will come to Mr. J. Simms Wilson, of this city, from the purchase of a tract of land in Oklahoma, is shown by a dispatch from Muskogee to the Louisville Courier-Journal of Sunday, which is as follows:

"The far famed lands around Paris, Ky., and other surrounding towns always looked good to J. Russell Wilson, the seed and agricultural dealer of Paris, Ky., but it does not look any better than 1,200 acres of Mayes county, Oklahoma land, with the new line of the Missouri, Oklahoma and Gulf railway extending through the heart of it.

Mr. Wilson bought this ranch of rich bottom and prairie land something like four years ago, when lands were cheap and it was something like fifteen miles from a railroad. Since then, and within the past few weeks, the M. O. & G. has finished its line north out of Muskogee to Joplin, Mo., and the town of Pensacola is right in the heart of his land.

"Pensacola is a thriving little town, entirely new, having been built up in the past few months and promises to have two or three thousand people within two or three years. It now has about seven hundred and many new houses are being erected. The Wilsons spend about half of their time in Oklahoma and the other half in Paris, Ky."

Mr. Wilson is at present in this city, returning to his home several weeks ago. He is much pleased with the prospects of the land he owns developing into a paying investment and it is the sincere hope of his many friends in his home town that he will reap a rich harvest.

## Will Open "Rosedale" Addition.

Dr. D. S. Henry, the local real estate man, who purchased recently from the Wilcox heirs, the Rosedale farm on Cypress street, is planning to conduct another of his building lot sales in the near future, the date of which will be announced through the columns of the News.

The tract is now being platted and will furnish a number of the most desirable building locations in the city. A large force of men is engaged in grading and before the sale more than 6,000 feet of concrete sidewalks will be constructed. The new addition will carry its former name, "Rosedale."

Dr. Henry has been interested in and conducted a number of real estate sales in this city and in all of his previous ventures has been very successful. The new addition which he proposes to open is excellently located and a number of choice building lots will be offered.

## Paris Man Removed As Guard.

During the session of the Board of Prison Commissioners which was held at Frankfort Wednesday a number of changes were made. Among those removed from office was Thomas Cain, of this city, who has been a guard at the institution for about eight years. Mr. Cain is a son of Mr. John Cain, Sr., of this city.

## Narrow Escape.

Two well known young Parisians, both attaches of the News office, narrowly escaped serious injury Wednesday night, when passing the Home Telephone office. A large glass bottle fell from the window of the operating room upstairs just as they passed, a shower of fragments covering them like snow. The bottle presumably held milk(?) and its fall was possibly accidental(?).

## NEAT SUM TO MAYSVILLE

Parisians Contribute \$127 to Relief Fund for Sufferers in Mason County Capital.

## MESSAGE OF ACCEPTANCE.

Mayor Lee Extends Thanks for the Liberal Donation—Generous Paris Helps Some.

A total of \$626.50 for the relief of the flood sufferers in Ohio and Kentucky was collected in Paris by a committee acting upon the suggestion of the News, and the entire amount is now in the hands of the proper parties for distribution among the suffering as they may see fit.

Mayor Henry Hunt, of Cincinnati, Monday drew on the local fund for \$500 the amount which had been pledged to the relief committee chairman. The contributions reached \$545.50 Friday and Saturday and when an appeal came from Maysville for aid the committee set to work to raise a sum to use in the relief of the suffering in that city. By noon Tuesday about one hundred dollars had been raised and this was telegraphed to Mayor J. Wesley Lee, of Maysville, who, in acknowledging receipt of the contribution, sent the following telegram to Mayor Hinton:

"Maysville, Ky., April 1, 1913.  
Hon. J. T. Hinton, Mayor.  
Paris, Kentucky.  
Accept thanks of people of Maysville for liberal contribution.  
J. W. LEE."

Contributions have been coming in since Tuesday and yesterday morning \$27 remained in the relief fund. Maysville being the closest city in distress this amount was forwarded to Mayor Lee, to aid further in the work of relief.

The people of this city are to be commended for their liberal response to the appeal for aid from the flood-stricken cities in Kentucky and Ohio. The cause was a worthy one and the purse strings of the citizens were loosened to the fullest extent when the appeal came for assistance. There is not another town in Kentucky of this size which has been so generous in its contribution and we express a great pride in their efforts to aid brothers in distress. Following is a list of the contributions:

J. W. Lee, Maysville.....127.00  
Telegraph and telephone tolls, money transfers, etc.....1.50

Total.....\$628.50

It is estimated that between \$900 and \$1,000 was sent from Paris to the flood sufferers. Various churches and Sunday schools throughout the city made private contributions and a number of citizens in response to the first appeal sent in a considerable sum.

At the services at the Catholic church Sunday a sum of \$62.80 was raised and sent to the Cincinnati relief committee.

At the meeting of Bourbon Lodge No. 23, I. O. O. F., Monday night the lodge in addition to the appropriation of \$25 contributed to the general relief fund made an additional appropriation of \$25 and \$13 was made up among the members of the order in attendance. The entire amount was forwarded to the Grand Secretary, R. G. Elliott, of Lexington. This money will be used in Southern Kentucky in event conditions there demand aid from outside sources.

The Maysville papers are lauding the Louisville and Nashville officials of this city for the assistance rendered the city during the flood. A large number of flat cars were taken to that city from Paris to make a walk connecting the L. & N. station on Third street with Forrest avenue. Mr. W. O. Chambers, Master of Transportation, spent the greater part of the week in Maysville rendering all assistance possible during the high water.

## "WE KNOW HOW"

## Even WE Admit

that there are more important things in the world than having the right clothes. We realize that, as the poet says, "A man's a man for a' that."

But, unfortunately, people WILL judge a fellow by the way he looks, and even more unfortunately, lots of fellows don't look as well-dressed as they might. It isn't because they don't want to, or because they don't try, it's because they don't know how or where to get garments that will bring out the best of them and hide the worst of them.

We don't say that we CAN, because it wouldn't be modest, but we're morally sure that we MIGHT show you a suit that would cause the first friend you met to congratulate you on your improved appearance. COME and SEE.

and colds than Chamberlain's Cough  
Remedy. It not only gives relief—it  
cures. Try it when you have a cough  
or cold and you are certain to be  
pleased with the prompt cure which  
it will effect. For sale by all dealers.

**Pains in the Stomach.**

If you continually complain of pains  
in the stomach, your liver or your  
kidneys are out of order. Neglect may  
lead to dropsy, kidney trouble, diabe-  
tes or Bright's disease. Thousands  
recommend Electric Bitters as the  
very best stomach and kidney medi-  
cine made. H. T. Alston, of Raleigh,  
N. C., who suffered with pain in the  
stomach and back writes: "My kid-  
neys were deranged and my liver did  
not work right. I suffered much, but  
Electric Bitters were recommended  
and I improved from the first dose.  
I now feel like a new man." It will  
improve you too. Only 50c and \$1.  
Recommended by Oberdorfer.

**Fly Screens and the Stores.**

Fly screen time is 'pretty' nearly  
here. It is the wise man who puts up  
his window screens and his door  
screens in advance of the vernal in-  
vasion of the pests, instead of waiting  
until they have taken possession. It is  
easier to keep the fly out than to get  
him out, once he has entered.

Individuals consulting their own com-  
fort, can usually be relied upon to take  
the precaution of screening their own  
dwellings. But the public health  
would be much better safeguarded if  
fly screens were in more general use in  
stores where food is kept for sale.

Atlanta, Ga., recognized this fact,  
when on the first of April it began the  
enforcement of a city ordinance re-  
quiring the use of fly screens. The  
ordinance applies particularly to gro-  
ceries, meat markets, produce stores  
and other places of business to which  
flies are naturally attracted and from  
which they should be rigidly excluded,  
as a health measure.

A custom of this kind [put in force  
either by ordinance or by common  
consent, would prove its value in any  
city by keeping down the disease and  
mortality figures. We should "swat  
the fly" and "starve the fly," but in  
any event we should keep the fly away  
from our daily food.

**For Burns, Bruises and Sores.**

The quickest and surest cure for  
burns, bruises, boils, sores, inflamma-  
tion and all skin diseases is Bucklen's  
Arnica Salve. In four days it cured  
I. H. Hallin, of Iredell, Texas, of a  
sore on his ankle which pained him so  
he could hardly walk. Should be in  
every home. Only 25c. Recommended  
by Oberdorfer.

For rheumatism you will find nothing  
better than Chamberlain's Liniment.  
Try it and see how quickly it  
gives relief. For sale by all dealers.

**What State Papers**

Are Saying Anent

the Senatorial Race

Editor Harry Summers in the Eliza-  
bethtown News, says:

Ex-Governor J. C. W. Beckham will  
be nominated for the United States  
Senate in the August primary. He  
will secure the nomination, either  
without opposition or by an over-  
whelming majority, and we are rather  
inclined to the opinion that his name  
will be the only one printed on the  
ballot. The Hon. D. H. Smith has  
practically announced that he will  
not be a candidate by making no effort  
to secure support. He is a man of abili-  
ty and too good a politician to enter  
a race that has been settled in ad-  
vance in the minds of the people.  
Gov. McCreary has had the matter of  
becoming a candidate so long under  
advisement that it is evident he has  
not been deceived by the political ene-  
mies of Gov. Beckham who have so-  
lited him to run to gratify their per-  
sonal feeling rather than to nominate  
the astute old Governor. Congress-  
man Owsley Stanley has been an  
avowed candidate, but Congress meets  
in two weeks and his duties as a mem-  
ber of the Ways and Means Committee  
will be so imperative that he cannot  
make a canvass of the State. It  
looks like he realizes that he is up  
against it and in the end will decide to  
discharge his party duty at Washing-  
ton rather than come to Kentucky to  
enter into a campaign which looks  
hopelessly against his success.

There could have been two elements  
united which might have conspired to  
give Beckham a race, but both these  
have been eliminated from the con-  
test—the liquor question and Federal  
patronage. The liquor question has  
been entirely settled by the passage  
of the Webb bill, and the distillers and  
brewers of Kentucky have too much  
sense to back any candidate for the  
Senate financially just for the fun of  
it, and President Wilson will see that  
the Federal patronage of Kentucky  
shall not be used against Beckham,  
even if there was a disposition to use  
it. He knows that in the Kentucky  
delegation at Baltimore Beckham was  
one of the few delegates who favored  
his nomination.

It is not Cripps' Beckham's superior  
ability—and he has plenty of it—which  
will give him a clear track for a walk-  
over. It is the sense of justice and  
fairness in the minds of Democrats  
who will vote for him, not necessarily  
on account of personal preference nor  
superior qualifications, but because he  
is entitled to it. There is but one  
way to rebuke the treachery to the  
party of the four Democrats in the  
Legislature who elected a Republican  
Senator and committed a fraud against  
Democracy which had honored them—  
that is to renominate the man who was  
a victim of their treason and corrup-  
tion. The election of a Republican  
United States Senator by a Demo-  
cratic Legislature remains a condoned  
wrong until it is wiped out by the re-  
nomination of the man who was de-  
frauded by this political crime. This  
sentiment is so overwhelming and ir-  
resistible in the minds of the people  
that no man can make a successful  
race against it. Both Smith and Mc-  
Creary have realized this and given the  
brilliant Stanley, for whom we have  
also a warm personal regard, will find  
it so shortly, even if he has not dis-  
covered it already. Under ordinary  
conditions and upon even terms, any of  
these three gentlemen would give  
Beckham a race, but under the un-  
usual conditions of this race public  
sentiment is so overwhelmingly with  
the candidate who was defrauded that  
it is useless to attempt to thwart it.  
Politicians may plot and connive and  
plan but the people will stamp oppo-  
site Beckham's name on the ballot to  
wipe out the stain of party betrayal  
which four false Democrats in the  
Legislature put upon it.

**Keeping the Body in Repair**

Nature intended that the body should do its own  
repairing—and it would do so were it not for the  
fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or  
shoes, nor live in badly ventilated and draughty houses, nor eat and  
drink some of the things that we do, nor ride in street cars when we should walk.  
The consequence is that the body when it gets out of order must look for out-  
side help to make the necessary repairs.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging  
Conditions, Mrs. Bullock Gave  
Up in Despair. Husband  
Came to Rescue.

Catron, Ky.—In an interesting letter  
from this place, Mrs. Bettie Bullock  
writes as follows: "I suffered for four  
years, with womanly troubles, and during  
this time, I could only sit up for a little  
while, and could not walk anywhere at  
all. At times, I would have severe pains  
in my left side.

The doctor was called in, and his treat-  
ment relieved me for a while, but I was  
soon confined to my bed again. After  
that, nothing seemed to do me any good.

## STOCK, CROP AND FARM NOTES.

—The Continental Coal Corporation  
of Pineville, has notified Commis-  
sioner of Agriculture Newman that it  
would make a standing offer of \$2 per  
bushel for the entire yield of the prize  
winning acre of corn grown by the  
champion boy corn grower in Ken-  
tucky for 1913. The boy entitled to  
sell his corn to the coal corporation  
must be a member of the Boys Corn  
Club under the rules and regulations of  
the Department of Agriculture co-oper-  
ating with the Federal Department  
of Agriculture.

—The Association of Southern Com-  
missioners of Agriculture will meet in  
Louisville next November, spending  
Thanksgiving as the guests of Com-  
missioner of Agriculture J. W. New-  
man, and then going in a body to the  
International Fat Stock Show at Chi-  
cago. The association was organized  
at New Orleans last week. Commis-  
sioner Newman was elected secretary.

### Prevents Cracks.

A small amount of vaselin rubbed  
into patent leather shoes occasionally  
will keep them soft and prevent crack-  
ing. Footwear of this leather should  
be kept treed when not in use.

"My little son had a very severe cold  
I was recommended to try Cham-  
berlain's Cough Remedy, and before a  
small bottle was finished he was as  
well as ever," writes Mrs. H. Silks,  
29 Dowling street, Sidney, Australia.  
This remedy is for sale by all dealers.

### Forget Them.

Gather up all thy sins—old wrongs,  
old hatreds, burning angers, memories  
of men's treachery; stuff them into a  
bag and heave them into the gulf of  
oblivion. Your life is not in the past,  
but in the future. "We are saved by  
hope."—Newel Dwight Hillis, D.D.

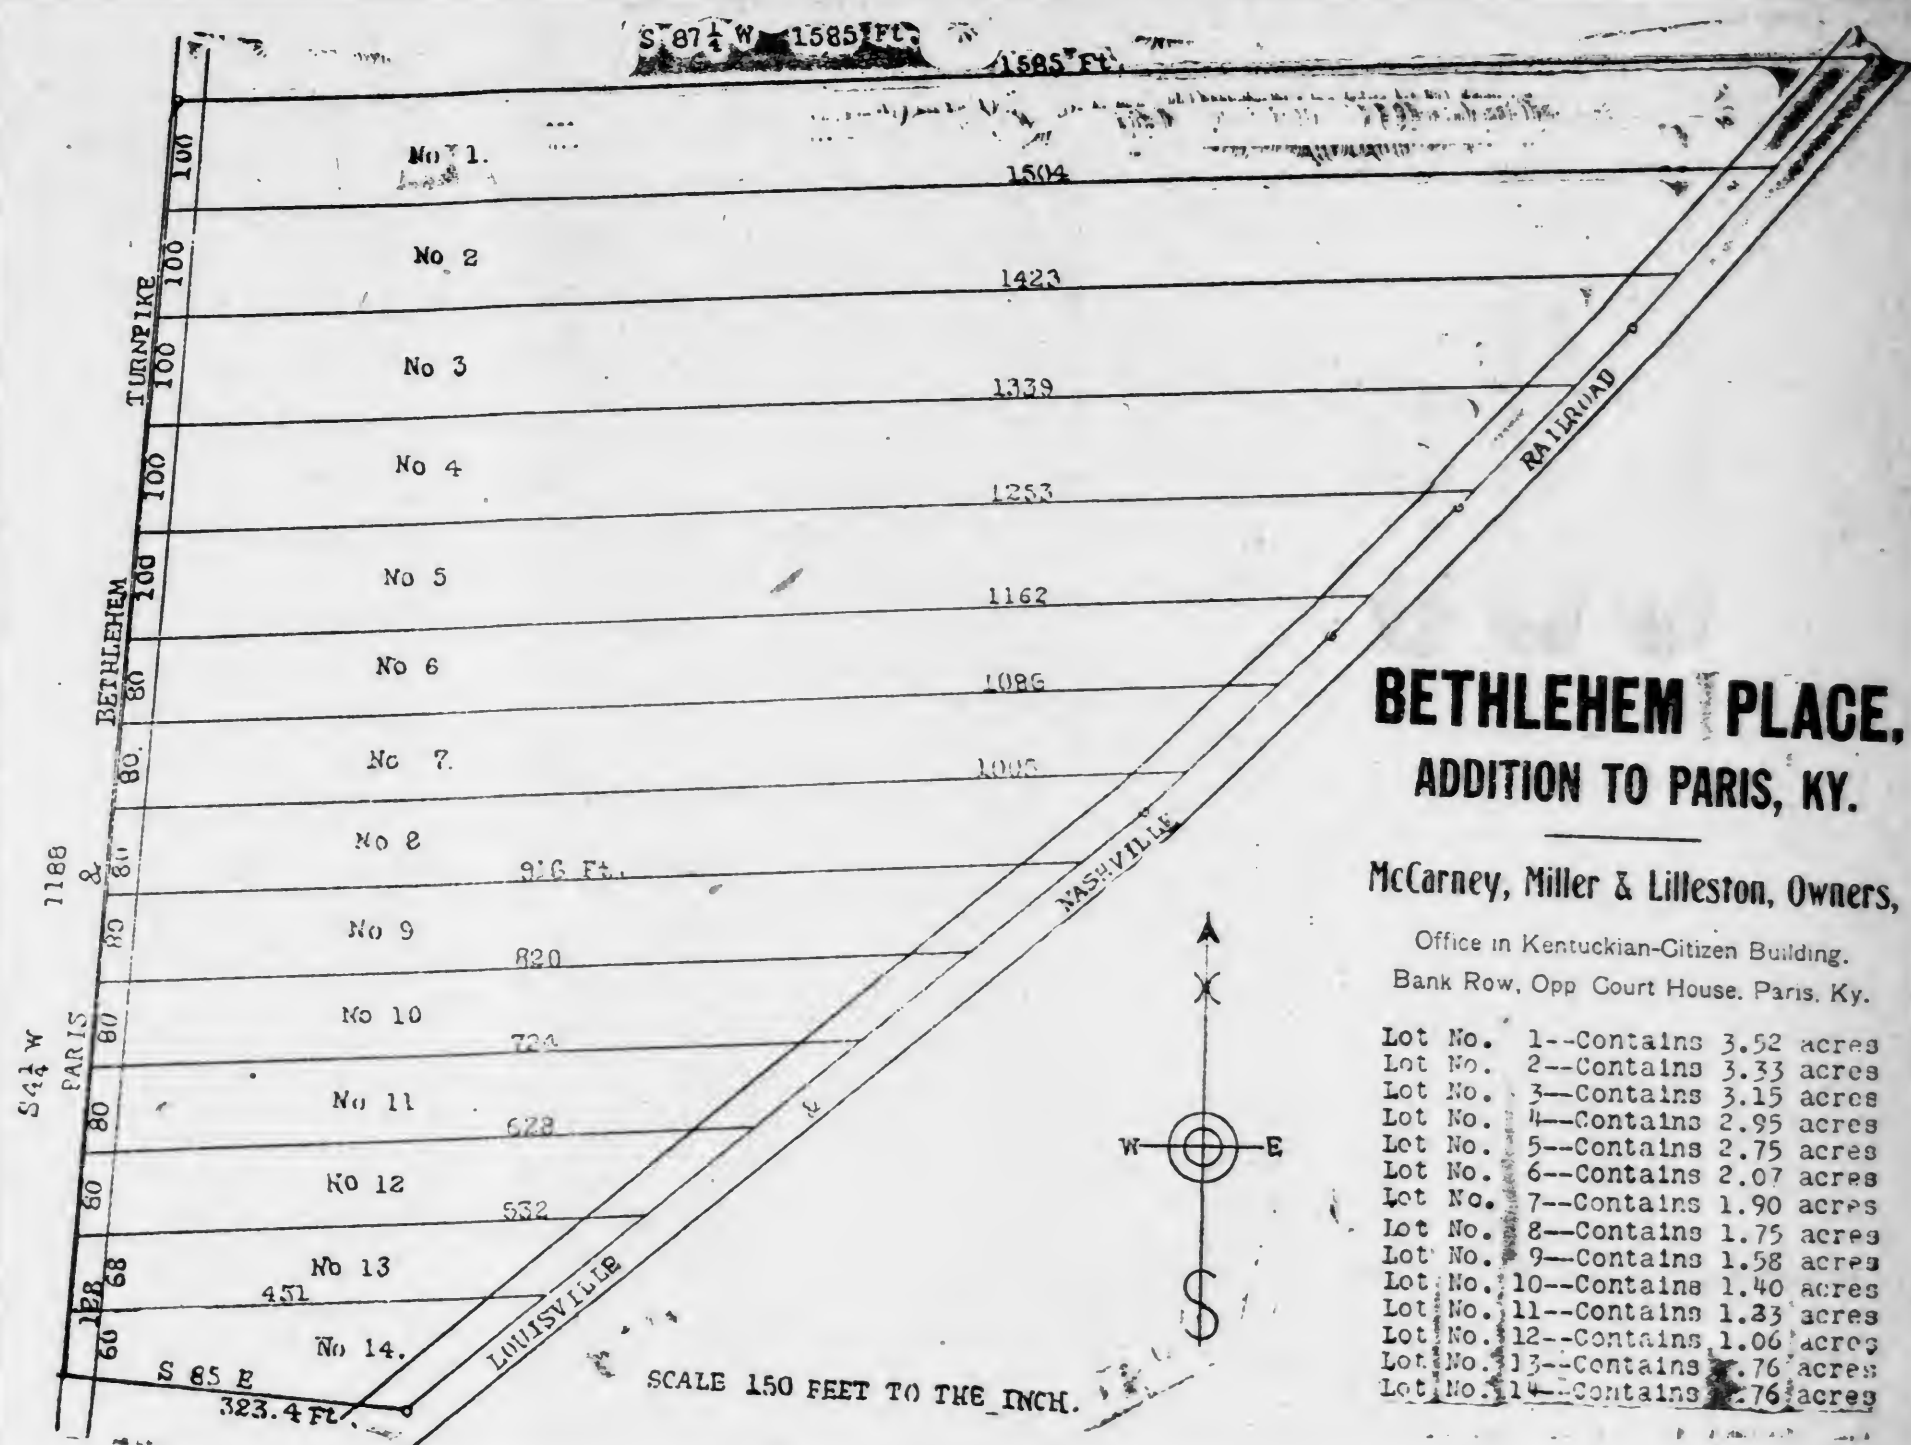

### Need of Organization.

There is need, just at this time, for  
an organized movement along all edu-  
cational lines. Many reforms have  
been attempted, some of which are  
yet incomplete, and others are to be in-  
augurated. The logical duty of the  
Kentucky Educational Association is  
to be the organized leader in promot-  
ing these reforms, and in projecting  
such new ones as the State may need.  
Whether you live in the Blue Grass,  
Purchase, Pennyrite or Mountain Dis-  
trict, you are equally interested, with  
all other teachers, in the educational  
weal of our state, and it is the patriot-  
ic duty of every such person to lend  
his hand to the work of the Associa-  
tion, and, if in the bounds of possibi-  
lity, to attend. The next session of the  
Association will be held at Louisville  
on April 30, May 1, 2 and 3, and it will  
no doubt be the largest and most en-  
thusiastic session ever held in the State.

# CHOICE INTERURBAN HOME SITES

## BETHLEHEM PLACE

### ADDITION TO PARIS, KENTUCKY

There are fourteen desirable suburban home sites in Bethlehem Place. These small farms contain from three and one-half acres down to three-fourths of an acre. The land is most desirably located, being but two city blocks from the Interurban line, and the car fare to ride down into the city of Paris is only five cents. The rear of this property abuts on the right-of-way of the L. & N. Railroad, and is but a short walk to the south yards of the L. & N. Railroad, making the addition most admirably located for home-owners.

By building a house on one of these sites you are enabled to have your own cow and horse, raise your chickens and hogs, and with the garden, fruit, etc., that can be raised, will make the owner a comfortable living.

Liberal terms of payment will be extended to purchasers. Come in and talk it over and see the land and we believe that we can point a way whereby you can soon be comfortably housed in your own home, convenient of access to the Interurban railway.

## Fourteen Choice Home Sites To Be Sold Soon AT PUBLIC AUCTION

(WATCH NEWSPAPERS AND HAND BILLS FOR ANNOUNCEMENT OF DATE OF SALE.)

### HOME.

The word Home loses much of its true significance if it does not include ownership. An abiding place may satisfy transient needs if it minister to physical comforts, but a Home hallowed by the sound of childish voices and the music of mother's lullabies should be all that the name implies. The joy of living is enhanced, the exuberance of young manhood is unrestrained, when the freedom of a Home, all your own, may be offered. It cannot be disputed that upon the acquisition of property, however small in amount, a quickening of the heart throbs for everything having in view the welfare and prosperity

of the community is observed. One of the strong and convincing talking points respecting a piece of property is that it is located in the midst of people who own their own Homes.

There are many persons in Bourbon and adjoining counties to-day who are chained by the slavery of rent paying, when they might own their own Homes. A thrill of ecstasy is felt when a young couple, who have recently joined heart and hand, sees their names as grantees in a deed to a Home. Life seems brighter than before, hope paints the future in rosy colors, and daily toil is approached with a new zest. There is a mistaken belief prevalent

that only persons with a considerable accumulation of money are able to own a Home. It is our purpose to show a large number of deserving citizens how the yoke of servitude to the burdensome rent bills may be lifted and an investment be made of such amount where it will increase in value as the years roll by. If a small amount is at hand as an initial payment, the remainder can be met the same as rent, and the citizen who has been swelling the bank account of the landlord, may become the landlord himself.

## LIBERAL TERMS TO PURCHASERS! DON'T PAY RENT—OWN YOUR HOME!

### ARE YOU A RENTER?

The question is often asked why persons with an established business or with a comfortable salary, are living in rented houses? The question is often asked than satisfactorily answered. The most common answer, when such question is propounded, is framed into words such as—"I am not able to pay for a home," or "I am afraid I may meet misfortunes so I cannot keep up my payments, and then I would lose what I have paid." To the shrinking one who has no faith in himself or in his ability to meet conditions as they arise, these excuses have some weight and they justify him as he thinks in continuing his unbusiness-like course of swelling the bank account of the landlord through his monthly payment of

rent. If, however, he stops and reflects that he loses every twelve-month by such course not only the amount represented by his yearly rent bill, less interest, taxes, etc., but the increased value which the year has added to the property, he awakens to a full realization that the time is ripe NOW to adopt a new and better philosophy to guide his business steps.

If the acquisition of a Home depended upon the payment of a considerable lump sum at a time of the purchase, then a great many deserving persons must of necessity become reconciled to the slavery of rent-paying during the natural life. However, a message of hope and cheer may be sounded broadcast to give heart to the despairing and encouragement to the downcast.

Through the medium of payments any one who is able to keep in good repute with his landlord by the prompt payment of rent bills may have the shackles of a grinding servitude forever lifted and live in the free atmosphere of a self-respect which comes through Home-owning.

Instead of not being able to buy a Home, no one who desires to become useful to the generation in which he lives or influential to the community where he resides can afford NOT to own a Home, if he has reasonable assurance of an income equal to the slight increase of obligation which such ownership imposes.

## A Great Opportunity For Buying Silks at a Low Price

We bought from an Eastern manufacturer a collection of Fancy Silks suitable for one-piece Dresses, Evening Gowns, Waists, House Dresses and Trimming purposes. They are all 24 inches in width of a varied assortment of shades, also in many different designs, principally stripes, floral designs, geometrical designs. These are Silks which would retail at \$1.00 per yard—we will give you choice of about 2,000 yards, at per yard—

# 69c

Owing to the very low price and the impossibility to record on these, no samples will be cut nor can they be taken on approval or brought back for exchange. They will go so fast that only outright sales of these will be made. This sale of Silks will continue until this collection is sold out entirely. We would urge an early call to secure good selections.

### Racing Commission to Meet This Month.

Col. Milton Young, chairman of the State Racing Commission, has announced that the commission will be called to meet in its office in Lexington at noon Saturday, April 26, 1913. At this meeting the commission will pass upon all applications for licenses by trainers, jockeys and apprentices. At its meeting the commission will take up the question of the renewal of the Kentucky Endurance Stakes for the year 1913.

### Notice to Dairyman.

It is the order of the City Board of Health, that owners of cows, who are furnishing milk to the trade, must have their herds examined, according to the State law and apply to the Secretary of the Board for a certificate, licensing the sale of their products. The law is strict in this matter. Comply and save trouble.

City Health Officer.

### \$8,000 Fire at Frankfort.

Fire at Frankfort Wednesday morning destroyed six frame houses, entailing a loss estimated at \$8,000, with only partial insurance. The new \$5,000 automobile truck of the Frankfort fire department was run into a tree by the driver and badly damaged.

### George Brown's Slayer Acquitted.

Bert Jacoby, colored, charged with killing George Brown, also colored, was acquitted at his examining trial held before Judge Dundon in the county court Friday. The trial occupied almost the entire day. Jacoby entered a plea of self-defense.

Jacoby shot and killed Brown on Eighth street Thursday evening, March 27, and is said to have followed an attempt made upon the part of Brown to injure him. Following the shooting Jacoby surrendered to the police.

After the trial a warrant was served upon Jacoby charging him with carrying concealed weapons. He was released from custody after he had executed bond with Mr. George W. Stuart as surety.

### Plans to Erect New Hotel Here.

Mrs. C. J. McLearn, widow of the former prominent hotel man of this city, left Paris Friday for Bristol, Va., where she intends to dispose of the St. Lawrence Hotel, which she owns in that city, together with other valuable property.

The intentions of Mrs. McLearn are to reinvest in hotel property in this city and plans to erect a new hotel. Mrs. McLearn has made her home in Paris for a number of years, and realizing the need of a modern hotel building in Paris, she has decided to dispose of her holdings as stated above and center her entire investments in this city.

While Mrs. McLearn did not intimate the location of the proposed hotel, it is said that the site is admirably located for the purpose, being on Main street, and in the business center, convenient to both the L. & N. and Interurban stations.

### BOURBON COURT DEFERS

Fiscal Court Will Not Act on Natural Gas Until Meeting Next Month.

### S. E. BEDFORD RE-ELECTED

Succeeds Himself As County Treasurer and Custodian of Garth and Hamilton Funds.

At the regular monthly meeting of the Bourbon Fiscal Court yesterday the franchise presented by the Central Kentucky Natural Gas Co., granting the use of the county roads to extend its pipe line to Paris, was passed, and the proposition will go over until the next meeting.

Col. Tom Stewart, of Winchester, representative of the company, was before the court yesterday and presented the franchise which was along the same lines as that granted by the Paris City Council, but owing to the length of time given the body to consider the proposition it was deemed advisable to table it for the time at least. There is no probability that the Fiscal Court will refuse to grant the franchise, the members seemingly being heartily in favor of the project, but upon advice of County Attorney George Batterton, who seeking to guard the interests of the county, asked that he be given a little time to go over the franchise as presented to the court.

According to Mr. Batterton there are no objectionable features other than a clause which would give the company the exclusive right along the county roads, and further that the franchise does not state upon which road the pipe lines shall enter the city. These, he contends, will be adjusted to meet the favor of the officials of the company as well as the court. The matter will come up for consideration at the May session of the court, when with the proper concessions the franchise will be granted.

The Board of Trustees of the W. W. Massie Memorial Hospital were before the court and asked that an annual appropriation of \$6,000 be made to aid in sustaining the institution, but this matter, too, was deferred, and will come up today. At present, the tax rate of 31 cents for the general fund is levied and under law cannot exceed 50 cents. From this source the county obtains only a small revenue from the \$16,000,000 worth of taxable property and the annual appropriation of \$6,000 would necessitate an extra levy to meet the appropriation. It is said the court is willing to make a levy of 23 or 24 cents to meet the hospital appropriation. The members of the Board of Trustees of the institution and the Fiscal Court made a visit to the hospital yesterday afternoon.

Judge Denis Dundon presided at the session of the court yesterday with the following magistrates present: L. J. Fretwell, E. P. Thomason, R. H. Burris, J. J. Redmon, O. B. Lloyd, B. F. Stipp, John N. Shropshire and G. K. Redmon.

The report of Road Supervisor C. F. Redmon for the month of March was accepted by the court and the sum of \$1,500 for use on the turnpikes, while \$647.90 was ordered paid for repairs on the country roads.

County Treasurer Silas Bedford, who was re-elected for the ensuing year, presented his report to the court. The report showed the county to be in a good condition at the present time with a small balance to its credit. The report also showed that the last of a \$48,000 floating indebtedness had been wiped out, the effort to close this portion of the county's indebtedness beginning three years ago, and out of the general fund, which amounts annually to the sum of \$340,00. During the past three years \$7,500 has been used to cancel court house bonds, and the report of Mr. Bedford discloses that only \$75,000 of the court house bonded indebtedness of the county remains.

A committee composed of Squires E. P. Thomason and G. K. Redmon was appointed to advertise for bids and let contract to repair Colville Bridge over Hinkston creek.

It appearing that a bridge over Hinkston creek being owned jointly with Nicholas county is in bad condition, and that same can be done for less than \$500, and that Nicholas county has expressed her willingness to unite in a contract to make said repairs, it was ordered that a committee be appointed to confer with a like committee from the Nicholas Fiscal Court, and was authorized to make a contract on behalf of Bourbon for the repairs of the bridge. The committee is composed of Squires Burris and John J. Redmon.

An appropriation of \$1,500 was made to the Turnpike Supervisor for repairs on turnpikes and the bridge on the Paris and Clintonville pike was ordered repaired by using a three foot metal culvert. It was also ordered that the wall be raised, and the bridge on the Thatcher's Mill and Clintonville turnpike, and a committee composed of Squires Burris and Fretwell was appointed to build a bridge over Boone's creek.

The court appropriated a sum of \$1,250 per mile to construct 1.34 miles of pike between the Paris and Flat Rock turnpikes to be known as the Roseberry turnpike, said appropriation to be available when the petitioners have paid into the County Treasury the sum of \$850 to be used in the construction.

Squires Lloyd, Shropshire and County Attorney George Batterton were appointed a committee to audit the settlement of County Treasurer Silas Bedford, and the same were appointed to make and have published a financial statement of the county.

Silas E. Bedford was elected County Treasurer for the ensuing year, and his bonds were fixed as follows: County Treasurer, \$6,000; Treasurer Garth Fund, \$6,000; Treasurer Hamilton Fund, \$6,000.

### Seventh District Collector Resigns.

Colonel Timothy A. Field, Collector of Internal Revenue for the Seventh District, has forwarded his resignation to the Secretary of the Treasury.

The first intimation that Colonel Field had resigned was made through dispatches published in the Cincinnati newspapers.

Col. Fields, who is now at his home in Ashland, verified the report Wednesday, stating this resignation was forwarded at noon April 1.

So far there are four candidates for the collectorship to succeed Col. Field. They are former Congressman W. P. Kimball and Desha Breckinridge, of Lexington; Ben Marshall, of Frankfort, Circuit Clerk of Franklin county, and County Clerk Lee, of Flemingsburg. Senator Ollie M. James, who has not been able to take up patronage matters in Kentucky with the President on account of illness, which has kept him confined to his room for three weeks, was reported in the Washington dispatches as able now to be at his office, and that he would see the President one day this week in regard to a number of appointments in Kentucky, among them the Seventh District Collectorship.

### Historic Clark County Farm Sold.

The fine Clark county farm recently purchased from Garrard Watts, of Fayette county, by N. H. Witherspoon is better known as the old Cluke place, where Col. Roy Stuart Cluke raised, and joined the Confederate army under Gen. John Morgan. Col. Cicero Coleman and the late Major R. S. Bullock were Lieutenant Colonel and Major respectively in the same regiment.

Col. Cluke had been a gallant soldier previously both in the Texas war of independence and in the Mexican War which followed. After his death the place became the property of his widow, Mrs. Kate Kerr Cluke, and her son, Roy Stuart Cluke, Jr., but it has been owned by Mr. Watts, of Fayette county, for many years.

Many noted people have been entertained at the hospitable fold home which is situated at Tebb's station opposite the beautiful residence of Mr. Stanley Prewitt.

### Wild Dogs Kill Valuable Colt.

Roger Wilson, a farmer living near Lexington, lost a valuable colt Tuesday in an unusual manner. The colt was about three days old, and a dozen or more wild dogs, whose voracity has made them as vicious as wolves, attacked it, and after running the colt down, pounced upon it, and when found it had been almost entirely devoured. Vicious dogs have during the last several months killed a number of sheep in Fayette county, but this is the first time they have grown bold and formidable enough to attack as large an animal as a colt.

### Sporting News Thinks Farrell Acted Hastily.

The St. Louis Sporting News, recognized as the greatest baseball medium in the United States, expresses itself in strong terms regarding the action of Secretary Farrell, in expelling the Blue Grass League. It says editorially: "From the information at hand on which to base an opinion, it seems that John H. Farrell, as Chairman of the Board of Arbitration of the National Association, has acted with uncalled for haste in withdrawing protection from the Blue Grass League as a result of that league's announced determination to test in the courts the clause of the National Agreement fixing territorial rights."

"Expulsion of a league is a serious thing, not to be resorted to until every effort, not to an understanding has been exhausted, and even then hardly to be excused until the offending member has committed an actual violation of the National Agreement."

"Whatever may be the violation of the understood principles of organized baseball by the Blue Grass, it can not be held that it has as yet violated the section of the National Agreement under which Mr. Farrell bases his order of expulsion."

"Mr. Farrell's order reads: 'The officials of the Blue Grass League having publicly and officially made known their determination to violate the National Agreement, this league has had its membership fee returned and its reserved players declared free agents. The National Association must abide by the provisions of Article 5, Section 3 of the National Agreement.' The article referred to in the Agreement is to prohibit one league from entering the territory of another league, but it does not appear that the Blue Grass League has as yet placed a club in Covington, within the Cincinnati territory. Even the threat of violation seems to have been contingent on a court ruling that would hold there could be no such prohibition in any agreement."

"Organized baseball can not sympathize with the Blue Grass League in taking its dispute into the civil court, but it does not follow that organized baseball shall take the stand that the starting of a civil action is reason for the expulsion of the offending league. If it does it is treading on dangerous ground and probably inviting just what it seeks to avoid—suits in court."

### Paris Fair Will Have Big Carnival Feature

That the Paris Fair will have a carnival feature unsurpassed by any fair in the State at the exhibition next September is evidenced by the efforts of the officials of the Bourbon County Agricultural Society, to land one of the largest organizations that will be on the road this season.

Secretary John Wiggins, acting in connection with the amusement committee of the Society, is in correspondence with a number of the leading carnivals with a number of the leading carnivals who will in a short time go on the road for the summer. Among the number are three of the largest that will operate this season in the south, and an especial effort is being made to land one of the number for the week of the Bourbon fair.

Aside from this the officials expect to have many other free attractions and amusement features. Secretary Wiggins is authority for the statement that there will be no dearth of amusement features during the coming fair, and at this early date the amusement committee will lose no time in securing contracts for the leading attractions.

### Clearing Building Sites

Mayor John T. Hinton has a large force of workmen engaged in clearing off the lot on High street between Ninth and Tenth streets, where two old frame houses were destroyed by fire last winter. The work is preparatory to the erection of two seven room brick residences with all modern conveniences.

### League Meeting Postponed.

The meeting of the Babies League has been postponed from tomorrow until next Saturday. The subject for discussion at this meeting will be announced later.

### H. B. Kinsolving a Candidate.

Hon. H. B. Kinsolving, of Mt. Sterling, has filed with Attorney General McReynolds his application for the appointment of United States District Attorney for the Eastern District of Kentucky, and is said to have some splendid backing for the place.

Charlton K. Thompson, of Covington, is his most formidable opponent for the place.

### Thanks to Our Quincy.

The 'Courier-Journal' says: "The Fish and Game Department has not been long established, but in the short period of its existence it has brought about a respect for the laws affecting these important matters such as has not been evidenced in all the previous history of Kentucky. With a continuance of the work so well begun there should be in a few years a notable increase of fish and game within the borders of the State."

### Changes in Local Railroad Office.

Richard Butler, who has had the position as timekeeper in the office of W. H. Anderson, superintendent of the L. & N. Railroad in Paris, has been promoted to the position of chief clerk in the office of W. A. McDowell, general manager of the Lexington and Eastern Railway at Lexington.

Charles W. Fithian, at present correspondence clerk in the office of Mr. Anderson, will succeed Mr. Butler. These promotions will be effective April 10.

### Paris Suffers from Dust Evil.

At the present time Parisians are suffering to no small extent from the dust evil, and no little complaint is being heard. The unusually high winds of the past several days sweep the dust in immense volumes from the streets in the business houses and residences and goggles have become almost as necessary for pedestrians as autoists. It is a good time now for the city fathers to think of oiling our streets and take the matter up without further delay.

### Do You Know "Jack the Peeper"?

We have been asked repeatedly the last few days for information regarding the name of the person who has assumed the role of "Jack the Peeper," and who was all but caught in the act several nights ago on the roof of a Main street residence gazing boldly into a window. We would like to enlighten the curious few, but for the want of information ourselves we are unable to do so.

We have heard it noised about that the party in question was a prominent man of this city, but there is nothing to verify the statement; again it has been said an irresponsible negro was guilty of the offense. The police have been on the alert ever since the instance which came to their notice several nights ago and a repetition of the offense will more than likely result in the arrest of the guilty party.

There are suspicions, 'tis true, but through courtesy to our police friends who have the case in hand, we would not venture speech through these columns or otherwise until warrants are issued or an arrest made.

but take them out of town. This  
means you, if you are the owner of  
such property. All look alike to this  
Board.

A. H. KELLER,  
City Health OfficerWarehouse Company Declares  
Dividend.

The Board of Directors of the Bour-  
bon Tobacco Warehouse Company at a  
recent meeting, declared a dividend of  
22 per cent on the capital stock of the  
company, payable April 1. They also  
declared that the \$15,000 worth of new  
stock which at a recent meeting, the  
stockholders decided to issue, should  
be sold in blocks of five shares or less  
to tobacco growers, it being the wish  
of the company to interest as many  
growers as possible in the enterprise.

in an excellent condition. Dr. Irene  
T. Myers, of Lexington, will be the  
guest of the club next Wednesday af-  
ternoon and will give her popular lec-  
ture on "Hawaii."

## Laying of Line Will Soon Begin.

The laying of the natural gas pipe  
lines into this city by the Central Ken-  
tucky Natural Gas Company will be  
begun at the earliest possible date  
following the securing of a franchise  
from Bourbon and Clark counties. The  
action of the Bourbon Fiscal Court yester-  
day in deferring action until the  
May session will delay matters some-  
what, but there is little doubt the  
franchise will be granted.

Col. Tom Stewart, of Winchester,  
who was in the city yesterday before  
the court and who presented the fran-  
chise, stated that after presenting the  
franchise here he would go to the  
Clark county court at its regular meet-  
ing next week. This court, he says,  
will readily grant the franchise.

The laying of the pipe lines, accord-  
ing to Col. Stewart, will begin within  
sixty days after the franchise through  
the two counties is secured. Some  
time will be required to get the pipes  
on the ground, but barring any delays  
active work will begin soon. It will  
be pushed to an early completion and  
it is practically assured Paris will  
have natural gas by fall.

## Fire Results from Explosion

The explosion of a coal oil stove  
caused a considerable blaze in the  
apartments occupied by Bruce Hud-  
deston over the store of Harry Ogden  
about six o'clock Wednesday morning.  
The explosion followed the attempt of  
Huddleston to light the stove and for  
a time it looked as though a serious  
fire would be the outcome.

A prompt response on the part of  
the fire department probably saved an  
entire block of the business section  
from destruction. Two lines of hose  
were run into the building and the sec-  
ond floor flooded. By a desperate  
effort the flames were confined to the  
room in which they started.

The storeroom occupied by Mr. Og-  
den was badly damaged by water and  
his stock suffered considerable. Hud-  
deston was badly burned about the  
hands and face while making an effort  
to smother the flames. The loss will  
amount to about \$300.

Fire, wind and lightning insur-  
ance. Thomas & Woodford.

## Condemnation Case Is Ended.

The jury in the Federal Court at  
Louisville, which spent three weeks  
hearing the evidence in the condemna-  
tion proceedings of the Western Union  
Telegraph Company for a right of way  
over the property of the Louisville and  
Nashville railroad through Kentucky,  
returned a verdict yesterday morning  
awarding the railroad company \$500,-  
000. As soon as the verdict was an-  
nounced counsel for both sides asked  
for time in which to decide on the  
question of an appeal.

DESIRABLE  
Stock Farm  
Bourbon County,  
Kentucky.

Belmont Stock Farm, the beautiful  
suburban home of the late John A.  
Lyle, is offered for sale privately.  
This farm is admirably adapted for  
raising of blooded horses. Located  
as it is on the interurban line, one-  
quarter of a mile from Paris, Ky., on  
the Lexington pike, containing 150  
acres of good land, the place should  
appeal strongly to any one wanting  
an ideal country home.

The farm is improved with a sub-  
stantial two-story brick dwelling,  
equipped with water works, lighting  
system, bath room, furnace, etc. Also  
a large well appointed stock barn,  
large tobacco barn and all other nec-  
essary out-buildings, all in good con-  
dition.

This is one of the most desirable  
country places in the Bluegrass and  
the soil is in a high state of cultiva-  
tion. The home is nearly surrounded  
by a beautiful woodland, and the  
place is abundantly supplied with  
never-failing water.

Persons looking for such a place  
are invited to inspect the premises.  
For further information, apply to  
W. W. MITCHELL,  
Paris, Ky.

## Discouraged, Nervous Men and Women

The Great Tonic, Tona Vita, is Building Them Up by Thousands.

A few years ago if you were nervous and all run down with little strength and poor health generally, you would have wondered what to do to build yourself up.

Nowadays if you remain in this miserable condition a day longer it is your own fault. Tona Vita the wonderful tonic that has built up thousands of run down people in the last two years is ready to help you.

Get it at once. Take it a few weeks and your old health and strength will return without fail. You will feel like a new person almost from the first dose of this pleasant tasting tonic.

Weigh yourself after taking Tona Vita one week and see how much you have gained in weight.

Tona Vita is sold by Chas. E. Butler & Co.

### To the Point.

All the world is so closely akin that not one individual may realize his high desire except all the world share it with him. Every good thought you send out is a silent power working for peace, health, love, joy, success to all humanity—including yourself.—Elizabeth Towne.

### Why He Was Late.

"What made you so late?"  
"I met Smithson."  
"Well, that is no reason why you should be an hour late getting home to supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure, that is what he needs." Sold by all dealers.

### Tuberculosis.

Tuberculosis or consumption is rare in childhood; increases rapidly after the age of fifteen, and is most common between the ages of twenty-five and thirty. Those who escape it till the latter age are less and less prone to it as they advance in years.

### Drive Sick Headaches Away.

Sick headaches, sour, gassy stomach indigestion, biliousness disappear quickly after you take Dr. King's New Pills. They purify the blood and put new life and vigor in the system. Try them and you will be well satisfied. Every pill helps; every box guaranteed. Price 25c. Recommended by Oberdorfer.

### How to Remove Mildew.

To remove mildew from linen take some yellow soap and rub it well into the linen, then scrape some chalk very fine and rub that in also. Lay the linen on the grass and as it dries wet it again and again until the mildew disappears. Another way is to mix soft soap and powdered starch with half the quantity of salt and the juice of a lemon. Apply the mixture with a brush and lay the linen out on the grass for a few frosty nights until the stain disappears.

### Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system on entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure and get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75 cents per bottle.

Take Hall's Family Pills for constipation.

### Don't Mistake the Cause

Many Paris People Have Kidney Trouble and Do Not Know It.

Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warnings of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Read this Lexington testimony: Edward Lawrence, 413 E. Fifth street, Lexington Ky., says: "I suffered from a dull pain in the small of my back. I didn't rest well, as my back was so sore and lame. When I got up in the morning I was tired and irritable. Sometimes the kidney secretions were too frequent in passage, then again they did not pass often enough. When some one advised me to use Doan's Kidney Pills I did and was relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Peroxide of Hydrogen.**  
Within recent years no remedy has come into such general use as peroxide of hydrogen, the consumption of which has reached enormous proportions. In this section of the country there is an especially great demand for its use as a gargle for colds and catarrhs, as well as a toilet preparation and as an antiseptic in connection with surgical operations. The New York Pharmaceutical Era calls attention to the fact that it is an unstable and widely variant product and that its sale should be closely supervised; that the manufacturer should be compelled to indicate on the label the use for which it is intended and be required to stamp (as it deteriorates with age) the date of manufacture. In most makes of peroxide of hydrogen there is an addition of acetanilide, as a preservative. This is dangerous, and is said to be an unnecessary addition.

**Iron Bearing Plants.**  
Experiments are under way at the agricultural bacteriological station in Vienna to increase the quantity of iron carried in certain plants, with a view to the effect on the human system when those plants are used as food. Artificially prepared foods containing iron do not always produce the desired effect, because the iron is not completely assimilated. This difficulty, it is thought, may be avoided by causing plants to take up an increased quantity of iron during their natural growth. By adding hydrate of iron to the soil in which it was growing, the experimenters have succeeded in producing spinach containing a percentage of iron seven times as great as that found in ordinary spinach. It is believed that the process will prove successful with other ferruginous plants.

**Coughs and Consumption.**

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c and \$1. Recommended by Oberdorfer's.

**Too Formal.**

"Are you on friendly terms with your neighbor in the apartments?" "Well, no. She's rather formal. Always sends her card when she wishes to borrow flour, and if she wants both flour and sugar she sends two cards."

**In Bluegrass to Buy Live Stock.**

Alvelino del Rio, buyer and overseer for the millionaire ranchman, C. Mendez, of the City of Mexico and Machagan, Mexico, is in Kentucky to buy new live stock with which to replenish the herds of cattle, hogs, sheep and horses, of which the continuous revolutions have swept the ranches practically bare. Senor del Rio speaks no English, but through his interpreter said that the two revolutions which the country has experienced entailed a loss of thousands of dollars to the ranchmen and an almost total destruction of domestic animals.

The large ranch owners are now looking forward to the restoration of peace, soon, and will therefore proceed to replenish their stock farms. Del Rio will be in the Blue Grass country several days visiting the famous stock farms, selecting thoroughbred saddle and driving horses, work horses, hogs, sheep, cattle and mules.

Sloan's Liniment is a splendid remedy for backache, stiff joints, rheumatism, neuralgia and sciatica. You don't need to rub it in—just laid on lightly it gives comfort and ease at once.

**Best for Pain and Stiffness**

Mr. GEO. BUCHANAN, of Welch, Okla., writes:—"I have used your Liniment for the past ten years for pain in back and stiffness and find it the best Liniment I ever tried. I recommend it to anyone for pains of any kind."

# SLOAN'S LINIMENT

is good for sprains, strains, bruises, cramp or soreness of the muscles, and all affections of the throat and chest.

**Got Entire Relief**

R. D. BURGOWNE, of Maysville, Ky., R.R. 1, Box 5, writes:—"I had severe pains between my shoulders; I got a bottle of your Liniment and had entire relief at the fifth application."

**Relieved Severe Pain in Shoulders**

Mr. J. UNDERWOOD, of 2000 Warren Ave., Chicago, Ill., writes:—"I am a piano polisher by occupation, and since last September have suffered with severe pain in both shoulders. I could not rest night or day. One of my friends told me about your Liniment. Three applications completely cured me and I will never be without it."

**PLACES WHERE WOMEN DRESS  
AS MEN, AND VICE VERSA.**

**Alpine Dairy Maids, at Their Work,  
Wear Masculine Dress, as Do the  
Females in the Extreme North  
—Brigands in Skirts.**

There are places in the world where women dress in men's clothing and men don women's apparel.

Even in Paris there are women dressed in cheap, coarse, masculine attire, working as teamsters and day laborers. While it is against the law, the police wink at the fact and allow them to earn peaceably their daily wages.

In Persia, in some of the interior parts, the women wear the strangest, oddest trouser garments. They seem to like them, too, from the fact that they cling to them in spite of all efforts to make them don feminine attire.

Then there are the Alpine dairy maids who dress as men when they go about their work and look pretty, if we are inclined to take evidence from the numbers of men who yearly persuade them to cast off their masculine dress and put on more clinging costumes. But then their eyes are so bright and their cheeks so red that they couldn't really look homely in anything they might choose to wear.

Again, far in the north, where it is freezing cold most of the time, and people dress to be comfortable and not to look pretty, the women are actually forced into trousers to keep warm.

The ancient women warriors always wore trousers. But their reasons were half masculine in manner and appearance, and dressed to accentuate their qualities. They had to make themselves into fierce looking creatures to terrify the men on the opposing side, and from all accounts they succeeded admirably.

As for the stronger sex, there still seem to be men in existence who wear women's garb and enjoy it. In certain parts of Greece, Spain, and Albania there are bands of desperate brigands who, when they are decked out for attacks on strangers or neighbors, look for all the world like grand opera ballet girls. In their short, brightly colored skirts, which are made very full, and sometimes even ruffled a bit. They seem tremendously proud of their attire, and rival bands strive to surpass each other in vividness of patterns and newness of styles.

**Wonder of Common Things.**

I live, in this little cottage that seems to have alighted, like a bird, on the slope of this gentle hill. Red and white peonies grow before the door, enriching the air with their fragrance. They charm both me and the bees. In yonder bush beside the door a chipping-sparrow sits upon her nest; and in the swinging branch of the elm tree overhead two orioles rear their brood, and as they flash by, their golden colors delight the human beings that watch them. Look over that stone wall, and mark how its flat line gives an incomparable effect to the landscape. See our New England fields dotted with New England elms; and far beyond see those white-sailed schooners scud before the boisterous wind. The farmer's boy, who fetches milk and eggs, left me that nosegay of wild flowers. Look! Look! See how the whiteness of that cloud glorifies the blue of the sky. Is it not strange that all these things, that go about their own business, should, by the way, perform a work of supererogation and give us so much unnecessary pleasure?—H. D. Sedgwick, in the Atlantic.

**Way Out.**

The easiest way to avoid argument over the pronunciation of a word is to use a synonym, as those who say "station" instead of "depot" know. But few would go so far as the carpenter who, in conversation with a friend on a street car, answered a query as to his work by saying: "I'm working in one of those automobile barns."

## Salves Can't Cure Eczema

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

**WASH THE GERMS OUT.**  
A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them; then soothes and heals the skin as nothing else has ever done.

A 50 cent bottle will start the cure and give you instant relief. We have made fast friends of more than one family by recommending this D.D.D. Prescription to a skin sufferer here and there, and we want you to try it now on our positive pay guarantee. D.D.D. Soap keeps the pores clean; ask us.

**\$15 to Insure**

The ideal carriage horse is the American trotting horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23489, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

A few of the fancy priced ones sired by Taylor Simmons: Thendara, winner in the walk-trot class at the Blue Grass Fair in 1907, Louisville Horse Show and in the East, sold by Col. C. L. Raley for \$2,500; Allene Powers, sold to Godfrey Priest, of New York, for \$1,000; Little Nath, sold for \$500 to Eastern parties. ### MILLERSBURG ITEMS.

Mesdames J. C. Leer and J. E. Caldwell were in Lexington Monday.

The annual Junior reception of the M. M. I. will be held this evening from eight to eleven.

The Christian Endeavor of the Christian church will hold a candy sale at the jewelry store of Mr. Aaron McConnell, Saturday.

SPRING OPENING—New Iceberg Refrigerator.

A. F. WHEELER & CO.,  
Opp. Court House, Paris.

Amity Lodge No. 40 F. & A. M., in regular meeting Tuesday night conferred the fellowcraft on Mr. J. W. Miller. At the close of the meeting the lodge members were given a delightful lunch.

The city council met in regular session Wednesday night. All members were present. A few small accounts were allowed. Building permits were granted to the colored Methodist church to build a church on Vinton street on the site known as the old Saint James; Messrs. Ray Endicott, a residence on Eighth street; J. T. Judy to remove a residence and rebuild another on North Main street; Jas. Madden, colored, a residence on Sixth street near the railroad. The motion to lay a crossing from the residence of Mr. C. P. Darnell to that of Mrs. Fan-

nie Norton on Tenth and Main was defeated. The crossing on the east side of Main over Eighth was ordered raised and repaired. The question of oiling the streets was then taken up and the amounts of subscriptions read. It will be necessary to raise more money if the streets are oiled. Something more than three hundred dollars has already been pledged. The council will ask for bids.

Mrs. Poe is improving nicely.  
Mrs. Hettie Brown is among the sick.

Mr. Clifton Mann continues about the same.

Mrs. J. D. Booth will entertain Wednesday from 2 to 5.

Mr. C. W. Howard, of Lexington, was here on business Wednesday.

Mr. W. G. Leer was in Mason county Monday and Tuesday purchasing cattle.

Mr. Robert Hughes, of Huntington, W. Va., is the guest of Mr. S. M. Allen.

The ladies' aid society of the Baptists church will have a sale of edibles Saturday.

Mrs. Ashby Leer and aunt, Miss Jennie Evans, are visiting relatives at Mayslick.

Mr. S. H. Endicott has sold his grocery to Mr. S. E. Bruce, formerly of Vanceburg. Mr. Endicott was the successor of Mr. C. W. Howard, purchas-

ing his stand some four years ago and since that time he has conducted a successful business. For a number of years Mr. Bruce has been a prominent business man of Vanceburg, and is familiar with mercantile business. About four years ago he sold his store at that place and accepted a position as cashier of one of the banks of the city, which position he held until last November. With his family he went to Florida with a view of locating but returned a few weeks ago to Kentucky, and has since been in Millersburg. His wife, who was a Miss Smith, having a number of relatives here, is a graduate of the M. F. C.

Mr. David Judy, of Middlesboro, is the guest of his brother, Mr. W. S. Judy.

Mr. L. O. Lewis, of Sylvia, Kansas, was the guest of Mr. E. C. Hawkins Tuesday.

Mrs. G. L. Hill is convalescent after an acute attack of intestinal octo-intoxication.

The Ladies' Aid Society of the Christian church met Wednesday afternoon with Miss Sue Butler.

Mr. W. S. Judy and family, who have been spending the winter in Lexington, returned Tuesday.

Mrs. W. G. Dailey and daughter, Miss Lucille, were guests of Mrs. Marion Dailey at Paris Wednesday.

Mr. J. F. McDaniel, who has been confined to his home since his accident some weeks ago, was able to be out Tuesday for the first time.

Prof. Harry Best, who has been the guest of relatives here since the death of his mother, Mrs. Sallie Best, left Wednesday for his home in New York.

Mr. G. S. Allen and sister, Mrs. Frankie Cook, have moved from the property of Dr. W. M. Miller to that of Mr. G. S. Allen. Mr. and Mrs. S. R. Allen will move to Winchester next week.

See our line of farm implements. Break plows, harrows, cultivators and corn planters. Every implement guaranteed.

THE MILLERSBURG COAL & LUMBER CO.

The large lemon tree of Judge T. P. Wadell, a notice of which was made last issue, has fifteen large lemons on it, the smallest of which weighs 16 ounces. Two which have grown together weigh 13-4 pounds. The product of the tree are of remarkable size and perfect in every respect.

**Mrs. Pankhurst Guilty.**

Mrs. Emmeline Pankhurst, the leader of the militant suffragates, was yesterday found guilty and sentenced to three years penal servitude at the Old Bailey sessions on the charge of inciting persons to commit damage.

### THEATRICAL.

#### AMONG LYMAN HOWES' TRAVELS

Among the many characteristics of life in Holland to be presented by Lyman H. Howe at the Paris Grand on Thursday, April 10, is that showing what inveterate smokers the Hollanders are. It is the indulgence in this habit, combined with the peculiar climate, that makes them the calmest, most deliberate and phlegmatic race on earth.

Tobacco smoke is called their second breath and a cigar or pipe is in evidence with them so incessantly that it is like a sixth finger of their hand. So confirmed is this habit, that many Dutchmen go to sleep at night with their pipes between their lips so they can find them immediately on awakening in the morning, and light them before rising. The boatmen—a type of which is presented in Mr. Howe's series—measure distances not by the number of miles from place to place but by so many pipes of tobacco smoked enroute.

For these reasons it is perhaps natural to expect that the world's champion smoker was a Hollander. His name was Meinheer Van Klaas. He consumed on an average one hundred and fifty grams of tobacco every day, yet he lived to the prime age of 98. His last will and testament was extraordinary. After bequeathing his worldly goods to his relatives, he directed how he should be buried as follows: "I wish that all my friends who are smokers shall be especially invited to my funeral. Each of them shall receive a package of tobacco and two pipes, and they are requested to smoke uninterruptedly during the funeral ceremonies. My body shall be enclosed in a coffin lined with the wood of my old cigar boxes. Beside me in my casket shall be laid my favorite meerschaum, a box of matches and a package of tobacco. When my body is lowered into the grave every person present is requested to pass by and cast upon it the ashes from his pipe." These touching requests were faithfully complied with. His friends attended in prodigious numbers, and at the funeral the smoke was so dense that a horn had to be blown to enable the mourners to find the door.

**His Unavailing Search.**  
"Well, James Henry Williams, did you enjoy yourself at the seaside?"  
"Yes, teacher, very much. I liked the sea, but I couldn't find the inthemis."  
"The what, James Henry Williams?"  
"The inthemis, teacher; where it says in the Bible, 'The sea and all that in them is.'"

### RELIGIOUS.

If the workers can be secured a Bible school will be organized at the Stony Point school house next Sunday afternoon at three o'clock. If you are interested in doing any good along this line of work in this community you are requested to come.

### MATRIMONIAL.

Mr. Luther Herrington and Mrs. Belle Mann were granted a marriage license Wednesday, by County Clerk Pearce Paton.

## Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with  
Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with  
phosphate powder:

68¾ Per Cent. Digested

Bread made with  
alum powder:

67¾ Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

### DEATHS.

#### RUST.

—Mr. John Rust, 86 years old, died Sunday morning at the home of Miss Letitia Clay on the Winchester pike. Death was due to the infirmities of age. Mr. Rust had always made his home at Miss Clay's and was a half-brother of her mother. He was never married. The funeral took place at the Clay home Monday afternoon at two o'clock.

#### FORSYTH.

—A message received in this city Wednesday morning announced the death of Mrs. R. J. Forsyth which occurred Tuesday night at her home in Mexico, Mo. Before marriage she was Miss Anna Hortense Redmon, a daughter of the late Washington Redmon, of Bourbon county. She was twice married, her first husband being Mr. Samuel Hume, a brother of Mr. William Hume, of this city, and who died several years ago. The funeral was held yesterday in that city.

#### FLANDERS.

—Mr. Taylor R. Flanders, a prominent farmer of Mt. Sterling, died Wednesday morning at his home in Montgomery county, five miles from Mt.

Sterling, after an illness of about four months of a complication of diseases. Mr. Flanders was aged 74 years, and is survived by his wife. He was an uncle of Mrs. Rose Flanders, of this city. The funeral will be held at North Middletown, this county, this morning at 11 o'clock.
